## EDITOR'S NOTES

### Magazine Month

Did you know that the April cover of *The Rotarian*, Rotary International's official magazine that is circulated worldwide, is our very own Manny Pacquiao?

Almost all of the clubs in our district subscribe to the *Philippine Rotary Magazine*. More than half the Rotarians worldwide are served by one of 30 regional magazines. These publications are produced independently by Rotarians, distributed in more than 130 countries, and published in 24 languages. They have a combined circulation of 780,000. Each magazine has a local editorial slant but includes required articles and photographs of international Rotary interest from *The Rotarian*.

Aside from the international and national Rotary magazines, we have our own district magazine—the GML. It just used to be a letter—the Governor's monthly letter to the clubs in the district. Now, this has evolved into a newsletter or a magazine.

There are a lot of online magazines available in the RI website. There's the *Rotary Video Magazine*, which lets you see the global impact of Rotary's humanitarian projects, in multimedia form. There's the *Rotary Leader*, Rotary's flagship multimedia publication. It is published bimonthly in eight languages, and it features practical information for Rotary club and district officers, incoming officers, committee chairs, and other leaders.

And there are several newsletters that you can electronically subscribe to—on topics like Membership, New Generations, PR Tips, etc. All of these can be found in the 'Media and News' section of the RI website.

Magazine Month reminds us of the wealth of resources available to us, through magazines and publications, printed or digital, to help us become better Rotarians.

PP Chris

The official opening of the House of Friendship.

RC Antique booth with Antique's delicacies and products.

Booth of RC Bacolod Metro with livelihood products.

RC Bacolod Central, in partnership with Association of Negros Products.

RC Bacolod North's ladies, displaying their bags from Dunganon products, a project of RC Bacolod West.

Cabman, Rotary partners in Rotary products.

Booth of RC Bacolod North Mangrove Matching Grant project, plants and livelihood products.

Dear fellow Rotarians,

Rotary is an international organization, and when I travel for Rotary, I usually speak in English. But it has been a long time since my last English exam, and when I am working in Evanston, I always have a Japanese interpreter. It is important to understand every word of the meetings, and it is important as well that the staff understand what I am saying.

It was a new experience for me to speak Japanese to a group, and then hear my words spoken in English. Even now, I find it interesting. I hear new ways of expressing myself in English, and I also have a small glimpse of what it must be like not to speak Japanese.

But perhaps the most interesting

moment came early on in my year as president-elect, when I was in a meeting with Rotary staff members. To be sure that we could communicate well, I had with me a Japanese interpreter. I spoke in Japanese, and she interpreted what I said into English. We had a pleasant and productive meeting.

After it was over, one member of the staff came up to me and asked, “There is one word I heard you use many times in Japanese. I would like to know what it means. What is the word *ichiban*?” I told her that *ichiban* in Japanese does not convey any philosophy or complicated thought. It simply means to be the best.

But it made me think. Of all the words I had used in Japanese, of all

the words she had heard over and over, this was the word she had heard the most. I did not realize I had used it so often. But for me, that one word, *ichiban*, is essential to how I feel about my job as a Rotarian, and as president of RI.

For me, Rotary service means being *ichiban*. It means doing your best, and being the best you can be. It means working as hard as you can – not for yourself, but for others. It means achieving as much as you can, to make other people’s lives better.

In the dictionary, *ichiban* means “best.” But in Rotary, “best” means something different. It means bringing Service Above Self into all of your thinking. It means looking at your own effort, not in terms of what it costs you, but in terms of what it can give. In this way, we are inspired to do so much more. It is our job to see to it that our Rotary service is *ichiban* – so that we do the most we can to build Peace Through Service.

Yours in Rotary,

*S. Tanaka*

Sakuji Tanaka  
President, 2012-2013

The President and his wife, Kyoko, at the Rockwall Institute for Zones 21 and 27 in Texas, with Past RI Director Noel Bajaj and his wife, Sis.

## State of the District Health

Time flies, and it's even faster when one starts to enjoy oneself. Just as Lady Emily and I were having our second wind, we came to the reality that our term is already nearing its end.

It had been very challenging to be working at two fronts; being a part time doctor and a full time Rotarian. As I present the accomplishments this Rotary Year, indulge me if I sound so Medical as I present the State of the District Health.

At the start of the year we had the following vital signs and symptoms.

1. Membership was down to 1215 Rotarians in 51 Clubs. Like the building blocks of the skeletal system, the stability of Health in the District is based on the quality and quantity of our membership.
2. Our District remained wanting in terms of TRF 100% giving and \$100 per capita giving. Like a symptomatic cardiovascular system, our powerhouse source for District Projects had leveled off.
3. Through the years, our clubs have embarked on service projects independently. In effect, there was no collective public image that could provide the proud "face" of the District.
4. Our central nervous system, the knowledge core, now faced challenges as we transition into the Future Vision of the TRF.
5. The main District showcase was our excellent International Service. We had a very healthy ROTEX and GSE programs. Our District Wide Grants "flexed the muscles" of individual clubs in Community Service.

After much consultation with District Leaders, our Recommendations and prescriptions were the following:

1. Let us embark on a pioneering RI approved District wide Public Rela-

tions Grant. In the process, we will be able to cultivate a Good District Image and become more visible to the community.

2. Conduct a Tri-district (3850, 3860, and 3870) seamless seminar focused on Membership Development, Strategic Planning, Future Vision Transition, Public Relations and RCC.
3. Organize new Rotary clubs, and explore this relatively underutilized avenue in Membership Development.
4. Promote cohesiveness by conducting Zonal and District wide, High impact service and Peace projects.

After 10 months of good compliance, we are proud to report the progress of our District Health.

1. Membership has increased to 1321 Rotarians in 52 clubs.
2. Our District achieved the third Highest percentage growth of (9 %) compared to July 1 figures among the 10 Districts in the Philippines.
3. We were able to charter a new extension club, RC Salug Valley Molave with a charter membership of 35
4. The Tri-District Seamless seminar in Bacolod City last August was an overwhelming success.
5. Twin District Bike for peace project and Zonal Peace fellowships and peace forums.
6. Resounding success in international service, with 10 ROTEX students and a GSE program with RID 5110, Oregon, USA.
7. District Simplified Grants and Matching Grants benefiting all clubs in the District.

Currently our District Diagnosis and Assessment is fairly good. All of our clubs are very active, vibrant and sound.

We have responded well to the measures we have prescribed.

It needs however more improvement in the Foundation giving.

Here is a list of things we should be doing three times a day.

1. Enjoy Rotary. Always remember that "Laughter is the best medicine". Each club has its own unique brand of fellowship. Be happy and thrive in the company of your fellow Rotarians.
2. Recognize the fact that "Giving is good for the Heart." When you make someone smile—our automatic and instant reaction is to smile back.
3. In our Profession and various vocations, before we make a decision, pause a while and "Think of others first." By making this a way of life we will be achieving "peace through service."

This process is likewise infective. In our clubs and our district, just imagine one Rotarian giving with a smile, serving with a smile—our whole membership will be energized. We will live true to our commitment as Happy people, Helping people.

District Governor Biboy

Presentation of the Club Presidents and Club Secretaries / Spouses

Welcome Messages of DG Biboy Jocson, RIDN Guiller Tumangan and RI President's Rep. PDG Kega Yao.

Plenary Hall 2 L'Fisher Hotel.

## New Rotary Clubs in 2012-13

It has been pleasing to see the number of new clubs that are being formed across the Zones, with the following being the numbers to date:

Country	Rotary	Rotaract	Interact	RCC
Australia	8	2	4	0
New Zealand	1	0	0	0
Philippines	8	21	34	33

We are aware of a lot of clubs that are in the process of being formed, particularly Rotary Clubs. While we have received some initial paperwork for these clubs, the clubs are not able to be chartered until such time as the charter fees of US\$15 per charter member (plus 10% GST in Australia) has been paid to our office, and all the signed completed forms provided. These can be submitted electronically. Clubs formed now will not appear in the printed Official Directory for 2013-14, however they will be included in the online version available to all Rotarians through Member Access.

## Updates on Current and Upcoming Club Officers

Please email us if your current club officers are not listed in Member Access. Before June 30, these current club officers should have already identified their club's officers elect so that the transition between officers is seamless and communication between RI and clubs are ensured.

Please also update your profiles if email addresses have changed. Electronic Semi Annual Reports are automatically sent to all Presidents and Secretaries who have a valid email address. This is the fastest and most convenient way to see the Club's RI invoice.

## New Rotary Foundation Team Member at Parramatta

Please join us in welcoming Mark Anderson as the new Fund Development Senior Coordinator at the RI Regional office and Parramatta.

Mark has been a Rotarian since 1987, however his involvement with Rotary goes back to Interact, Youth Exchange, RYLA and Rotaract. He is currently Membership Chair for District 9680 and has also served as Club President, GSE Team Member & Leader as well as Assistant District Governor and other District Chair positions. He is also a member of the Paul Harris Society.

Mark has broad and significant experience in the arena of sales & marketing, serving as a business development manager and sales manager with companies such as MARS Inc., Bayer and Johnson & Johnson.

He has worked internationally, interacting with clients and projects in the Philippines, New Zealand, Thailand and South Africa. His assignment in South Africa was for 7 years and during that time he was President of the Rotary Club of Morning Side and a member of the D9300 Youth Exchange Committee. Mark will work with The Rotary Foundation team and will report directly to PDG Bruce Allen. Mark will also work with the RRFs and District Chairs in Zone 7 & 8. Mark is married to Lynne who is also a Rotarian and member of the Rotary E-Club of Greater Sydney.

## Membership Lists

Have there been any changes to the members in your clubs? Please ensure your club update their membership details before June 1. The membership figures in the database on 1st June 2013 will be the basis for the July 2013 membership dues billing.

*continued from page 20*

## ENIGARDO B. LEGISLADOR, JR

PP Jundad joined the Rotary Club of Kabankalan in 2000, eight years after participating in the Group Study Exchange as team member, representing District 3850 to District 3070, India. He became President of the club in RY 2004-2005, when Rotary celebrated its centennial year. That year, his club earned many awards among which is the all coveted "Most Outstanding Club Award" and PP Jundad was rewarded of his exemplary work by the District with the "Most Outstanding Club President Award". Thereafter, he became more active both in the club and district levels. He went on to become Assistant Governor, and chairman and coordinator of various committees, subcommittees and task forces, among which are Extension Committee, Public Image Task Force, Health & Hunger Task Force, Alumni Subcommittee, and most recently the Group Study Exchange Subcommittee.

As a hospital administrator, he is excited of the prospect of visiting hospitals and other health care facilities to observe and learn its operations, policies, technology advances and challenges. As a practicing surgeon, he is open to the possibility of viewing in the operating theaters and meeting surgical specialists. A tour of a university offering medical degree seems like an exciting idea for him.

Jundad is a lover of culture and art. In fact, one of his community involvements in Kabankalan City is being the Chairman of Kabankalan City Cultural & Tourism Foundation, Inc., which promotes cultural awareness and tourism. As such, he would love to visit places and sites of cultural and historical importance, be it a park, a library, a museum or a theater. Exploring District 5110 and appreciate its landscape and scenery is something Jundad wishes to accomplish.

PP Jundad has come full circle by becoming this year's Team Leader. Without a doubt, his love of Rotary started when he was exposed to its works during his GSE experience as team member. He is very much aware that GSE is both a cultural and professional tour, but more than that, he is most looking forward to meeting the Rotarians of District 5110, and forging a meaningful and lasting friendship.

## ANTONIETTE M. GANADO

Toni believes that the GSE Program of The Rotary Foundation would be both challenging and rewarding. She is interested to visit secondary and tertiary schools and universities where she will have the chance to see and learn the services they are offering specifically the Student Affairs Office, Guidance and Counseling Office, University Clinic, Prefect of Discipline, the University Marketing and Promotions Office, Scholarships Office, Research and Extension Services and Alumni Office. She also looks forward of seeing and meeting private practicing counselors and other guidance & counseling clinics which deal with cultural diversity.

On the cultural aspect of the program, Toni wishes to see the Coos County Historical Society Museum, Jordan Schnitzer Museum of Art at the University of Oregon, Confederated Tribes of Warm Springs and The Museum at Warm Springs (Warm Spring Reservation).

## MAKARIUS TEL-AVIV C. DELA CRUZ III

He is also involved in co-managing a family owned secondary school. He takes pride in expanding the school's scholarship program for deserving out-of-school youth and organizing service oriented extra-curricular activities.

Doc Macky is excited of visiting hospitals and other health care facilities. He would like to see and experience how technology is applied in the practice of medicine. As co-administrator of a family run high school, visiting an educational center of the same level would also be beneficial as knowing better American high school system could undoubtedly broaden his perspective in managing his own.

He feels that seeing the major attractions in the District shouldn't also be missed. Going on a hop on-hop off tour in San Francisco to see the "must-see" areas is something to look forward to. And as a sports fan, activities among his lists are to visit big factories or outlets just like Nike Town in Oregon, witness a live NBA game and how Sports Medicine is put into action. He also wants to experience the glamorous night life of North California and meeting with a celebrity is a thrilling prospect.

## RACHELLE MISSION

The GSE Program would give her the opportunity to visit US Drug Enforcement Agency Training Academy and observe how the training of agents is conducted. She would welcome the chance to observe the USDEA Operations specifically on intelligence gathering, see how technology aids in the conduct of anti-drug operation, and learn the strategies utilized in Demand Reduction Program. She loves to visit the US DEA Museum and a University or two offering Criminology and related courses.

She expects to take a glimpse of parks and historic sites in Southern Oregon as well as in Northern California, Pine Mountain Observatory of the University of Oregon, Correctional Institutions or Drug Rehabilitation Center to be able to see how correctional system and rehabilitation program works in America especially in cases involving substance abuse, California Academy of Sciences, and Alcatraz Island. She would love to go on adventure as it will deepen her understanding of the unique culture in areas covering the entire District.

## LAURENCE SOTEO

Lorenz also spearheads social action activities like leadership trainings, feeding programs and other community outreach activities.

While in the Group Study Exchange Program, he would like to visit historical places, libraries, museums, cultural heritage sites, and national parks. He also would also like to visit schools in the District both private and public and perhaps, exclusive schools for him to observe their operations and learn from it. It is also his fervent desire that his school can form partnerships with a school or two in the District. He loves to experience recreational and adventure activities, watch performing arts like stage and musical plays; and witness sports competitions like basketball or football.

## Dear Beloved Club Secretaries,

The month of April is dedicated as the magazine month by R.I. Our Rotary Clubs are required to subscribe to the Philippine Rotary Magazine &/ or The Rotarian and non-subscription/non-payment by any club is a ground for termination of R.I. membership. Records in the past show that magazine subscription by Rotary Clubs is not accorded the importance it deserves. Maybe because, some clubs are confused about this, we are not concerned whether we receive our PRMs or not, we had some bad experiences about our subscription or we simply do not know the process of going about it.

For this article, we would like to share some information about the PRM that hopefully will address any confusion, misinformation or queries you have about the subject. We have lifted some articles from the FAQ in the PRM website.

**Question: What is the Philippine Rotary magazine?**

A: The Philippine Rotary is the official regional magazine for Rotary Club members in the Philippines authorized by Rotary International. It is a member of the Rotary World Magazine Press. There are ten districts in the Philippines with about 700 Rotary clubs and 20,000 members (“Rotarians”). The magazine contains articles and features about Rotary in the Philippines and abroad. Guided by the editorial policies of Rotary International, it contains articles found in the current issue of The Rotarian, Rotary International’s official publication for all Rotarians worldwide, and articles and features of local (Philippine) interest. It is published by the Philippine Rotary Magazine Foundation, Inc. (PRMFI). The Editorial Board and Management Board consisting of Volunteer Rotarians manage the editorial content and operations, respectively, of the magazine while salaried editorial staffs supports its operations. Funding comes from the monthly and lifetime subscriptions of Rotary club members, sponsorships and advertisements.

**Question: When should our club subscribe to the PRM?**

A: Each club should subscribe and pay for all members at the start of each semester. One year subscription is required but semestral payments are allowed. BUT, please

take note that subscription is renewed yearly but filling out the PRM CLUB SUBSCRIPTION AGREEMENT.

**Question: Who represents our District in the PRM?**

A: Every year, our District Governor assigned a District Governor’s Representative to the Philippine Rotary magazine (DGR-PRM) to represent our District for any concern about the PRM. For this RY, our DGR-PRM is PDG James Makasiar. For further, queries and clarification, you may contact PDG James Makasiar.

**Question: What happens to club payment to the PRM but without club subscription?**

A: it is possible that your payment is floating in the PRM account and is not credited to your club. What you need to do is to immediately fill up the club subscription form and send a copy of your deposit slip to the PRM office or you may course it to our DGR-PRM.

As club secretary, it is your duty to assist your President in administrative responsibilities like this. We urge that you review your status and share this information to your club members. For additional information you may visit the PRM website at [www.philrotary.com](http://www.philrotary.com).

Thank you and regards.

Yours in Rotary Service,

DS Jude Doctora

*P.S. Please don't forget to send you MAR by the 15th of the next month.*

APRIL 8 - MAY 8, 2013

## ENIGARDO B. LEGISLADOR, JR.

Team Leader  
ROTARY CLUB OF KABANKALAN

Dr. Enigardo Legislador, Jr. is fondly called by family and friends as "Jundad", a coined name from 'Junior' and 'Daddy'. His peers and co-workers in the medical field though call him Doc Jundad while in his Rotary world, he is best known as PP Jundad.

Doc Jundad is a doctor by profession, having earned his Doctor of Medicine diploma from Southwestern University. He went to specialize in General Surgery, a specialty he has been practicing for the last twenty years. He is the President of Medical Associates Diagnostic Center, Incorporated, a health care facility which offers various diagnostic procedures for out-of-hospital patients. For thirteen years now he is the Medical Director of Southern Negros Doctors' Hospital, a 75-bed secondary hospital located in Kabankalan City, Negros Occidental.

## ANTONIETTE M. GANADO

Team Member  
SPONSOR: ROTARY CLUB OF ZAMBOANGA CITY WEST

Antoniette Ganado is commonly called Toni by family and friends. She is a mother to an eight year old son named Mar Anthony who is in his 3rd grade. She holds a degree of Bachelor of Science in Education major in General Science from Zamboanga State College of Marine Sciences and

Technology. Likewise, she completed her academic requirements in Master of Science in Guidance and Counseling at the Ateneo de Zamboanga University. She is currently working at Southern City Colleges in Zamboanga City as the Director of Student & Personnel Services. Her present position requires her to oversee and supervise all services rendered to the students, personnel of the institution and the Non-SCCians (the outside customers). She has to ensure that the college achieves one hundred percent (100%) customer satisfaction in all areas of school services.

## MAKARIUS TEL-AVIV C. DELA CRUZ III

Team Member  
SPONSOR: ROTARY CLUB OF KALIBO

Dr. Makarius Tel-Aviv Dela Cruz III, popularly known to friends and peers as Doc Macky, finished his degree of Doctor of Medicine from University of Santo Tomas.

Taking into consideration the need of professional doctors in the provinces, he shunned a more lucrative medical practice in Manila and decided to work as a Medical Officer III in a remote municipal health hospital in Buruanga, Aklan.
