“This is it pansit!”

So goes the favorite street idiom of us Filipinos in referring to a superlative experience whenever confronted with a good-for-you situation. Aptly said, this is my concluding scribbles for our Governor’s Monthly Newsletter (GML). The last 12 months of publishing the GML is best describe with one word—EDUCATING! I learned a ton about Rotary. More so, it was a privileged to be a part of this amazing passage of time with DG Oliver and his World Class Team of District Officers and Club Presidents. I am immensely grateful for the opportunity given to serve the District and in the years to come, bask in the distinct honor bestowed upon me by DG Oliver.

Publishing the GML was an appreciated challenge. The encompassing challenges made me learned a lot about Rotary in a way that I could not have absorbed under ordinary circumstances. I remember an anecdote told by our District Secretary Emilio Aquino. In one of our several KFC meetings, DS/PP Emilio recounted that when PDG James Makasiar took the helm of our District, he was asked to take a pick between the responsibility of being the District Secretary or that of a GML Editor-in-Chief. DS/PP Emil chose the latter believing that it would be an undemanding task. It was not, he said. I concur DS/PP Emilio’s observation, having been the Editor-in-Chief of our GML for the last 12 months. Those months were replete with exacting efforts along the way in putting out the GML. Nonetheless, DG Oliver and I, being the Publisher and Editor respectively, we took the challenges head on and rose to the occasion called for. We seized the day! ***Aprovecha el dia!***

Looking back as we end the last day of the month of June, beyond doubt and without question, **the tenure of DG Oliver Ong afforded us all to Enjoy Rotary! and Be A Gift To The World!**

P.S.

I am looking forward to have a cup of coffee with DG Ong and in retrospect, hark back to the year that was. But, I am not excluding the idea that it can be over a few bottles of beer, whichever is best. Or, invite him to our house for a simple home-cooked dinner and cap the night with a cup of coffee over an unobstructed view of my barangay neighborhood under a moonlit-starry night. Gov, the karaoke machine and the char-broil grill awaits you at the roof deck.

RI PRESIDENT'S MESSAGE

British writer and Royal Air Force pilot Roald Dahl was also an avid photographer who carried his beloved Zeiss camera on his many adventures. At a time when each photograph had to be laboriously developed by hand, on film or glass plate negatives, he amassed a collection of hundreds of images. In later years, these photographs served as a visual record of his travels, a way to document his experiences and share them with others. Yet he always spoke of his memories as being far more vivid than the photographs could ever reflect. So many events and experiences, he said, were simply impossible to capture; they could not be adequately conveyed in images or words.

Language may fail, and photographs fade; minds are fallible, and details are lost. But some experiences, as Dahl said, never dim; they stand out in our memories, even after decades, as a wall of flame. They rear up forever over the landscape of our past, dividing our lives into what came before and what came after.

That metaphor has stayed with me throughout the past year as I have traveled the world for Rotary. For indeed, this entire year has stood, and will always stand, as a wall of flame in my mind, dividing my life into before and after.

When I think back over these 12 months, I see a bright kaleidoscope of images cascading before my eyes, day after day, week after week. The anxious parents in Chandigarh, India, hovering at the bedside of the child recovering from lifesaving heart surgery. The bright flags of Nepal fluttering over an entire village that had been rebuilt after the devastating earthquake. The feeling of awe in St. Peter's Square at the Jubilee of Rotarians celebrated by Pope Francis. Joyful gatherings around the world, in so many countries, in so many languages – with friends I had never before met, my brothers and sisters in Rotary.

To serve as president of Rotary International is a colossal undertaking, one that cannot be truly conveyed in images or words. It is a wall of flame that will burn forever in my memory, dancing with light, shifting in shadow. A thousand images jostle together in my mind, a thousand recollections, a thousand emotions. Together, they form a great mosaic; together, they show the bright and glorious work of your hands.

As this Rotary year draws to a close, I am prouder than ever to be part of this great organization: one that makes the world not poorer, but richer; replaces despair with hope; raises up those whom fate has brought low; and is a gift to so many, while allowing each of us to Be a Gift to the World.

“To serve as president of Rotary International is a colossal undertaking, one that cannot be truly conveyed in images or words. It is a wall of flame that will burn forever in my memory, dancing with light, shifting in shadow.”

A handwritten signature in black ink that reads "Ravi". The signature is written in a cursive, flowing style. Below the signature is a horizontal line that starts under the first letter and extends to the right, ending under the last letter.

K.R. "Ravi" Ravindran

Rotary Club of Colombo
Sri Lanka

GOVERNOR'S MESSAGE

AN EXCITING ROTARY YEAR!

What an exciting year!

It's been a wonderful year of leadership, inspiration, commitment, continuity, initiative, perseverance, teamwork, generosity and pure fun.

All these aptly described our actions during "Our Year Together" that moved us across the district from North to South to push Rotary service forward and to new heights.

Your enthusiastic response to be a gift to the world is definitely inspiring and has touched many people. You made us proud on how you initiated projects to help address various community concerns.

A feeding program restoring the health of the school children shows that Rotary cares. A donation of computers, printers and books shows that Rotary shares. Having constructed school buildings in Pagadian and Northern Iloilo show that Rotary brings hope. Our timely disaster response to typhoon and fire victims shows Rotary serving humanity.

Rotary is all about exchanging ideas and taking action by leaders. We cannot simply stand by and do nothing in the face of many challenges affecting many lives in the world. As Donald H. McGannon puts it, "Leadership is Action, Not Position". It is heartwarming to see our district and club leaders leading and inspiring clubs and members to do more, give more and serve more. No challenges therefore, are insurmountable.

As I end my term as your District Governor, I look back and cherish the great people working with me for a more vibrant and responsive District. My sincere gratitude to our 11 hardworking Assistant Governors for having done a great job! They were always

one step ahead of me.

A big, big thanks to our District TRF team that did an awesome job in bringing in contributions that reached a new level. My sincere appreciation to our District Trainer for the superb training programs that engage our members to be better Rotarians! Cheers to our Discon Chair for a World Class District Conference, giving our delegates the opportunity to Enjoy Zamboanga and Enjoy Rotary.

Our GML Editor never failed to amaze and delight me with his creative works and writing skills. Every issue gets me excited and simply a keepsake. To our District Team, you brought with you the discipline and values that moved our District forward. Thank you so, so much for a superb job in pushing the programs of Rotary.

“Your enthusiastic response to be a gift to the world is definitely inspiring and has touched many people. You made us proud on how you initiated projects to help address various community concerns.”

A handwritten signature in black ink that reads "Oliver 'Ver' Ong".

Oliver "Ver" Ong, MPHF
District Governor 2015-16
Rotary Club of Zamboanga City

To our World Class Presidents, thank you for your leadership and inspiration. And to all Rotarians and Rotary Spouses, thank you for your dedication and support.

At the start of our Rotary year, I promised you that no clubs will be left behind and I did almost everything to inspire our members to be “a Rotarian”, and not just a member. I was practically living in a suitcase from June, 2015 to June 2016 to visit clubs often and to be of service to them.

As R.I. President Ravi Ravindran said: “This is our time and we only have 366 days to do everything we need to do to make people feel Rotary’s love and

presence”. We lost no time and not a day wasted.

It was an enjoyable and an inspiring journey for me, and I beam with pride of our collective accomplishments. It was worth all the efforts and the sacrifices. I will treasure our time together, for your friendships and our shared values.

By sharing our gifts in many ways, we become relevant and worthy to be called Rotarians. Let us continue to be a gift to the world as we enter another year of Rotary serving Humanity.

Thank you for the rare privilege and the trust given to me to serve as your World Class District Governor.

MY INTERVIEW WITH PHILIPPINE ROTARY MAGAZINE

■ **What satisfaction did you gain in serving as district governor?**

It has been a great pleasure for me to serve as District Governor of D-3850. Each day is filled with excitement and a sense of mission. Overall, my term is marked with **continuity, harmony, service and fun**, something that I am extremely happy about.

I devoted much time to inspire my fellow Rotarians **to do more, to give more and to take concrete actions to be a gift to the world**. In turn, they equally inspired me with their enthusiastic responses to the call and I am just gratified.

All figures are up... in Membership, TRF contributions, Global Grant projects, RCCs, Rotaract and Interact clubs. *Annual Fund Giving is all-time high*. Our District continues to be very active in the Youth Exchange program. Club projects are varied, meaningful and touching lives.

I derived so much satisfaction in seeing happy Rotarians in club meetings having fun and discussing their next projects. It touched me to see happiness on the faces of patients being treated, of a physically challenged receiving a wheelchair, students receiving books and computers, schools receiving classrooms and WASH facilities, communities receiving health support facilities, youth being mentored and many more.

Much is given and much is expected. It is in giving that we find true happiness, especially when it

transforms lives.

■ **What is your legacy to your district?**

I am very happy to hand over a vibrant and a stronger District 3850 to DGE Ronnie Gabalda. The District Team worked hard to ensure that no clubs were left behind in terms of trainings, seminars, Grant approvals, computer distribution and service opportunities. Rotarians, in turn, responded enthusiastically and served well.

It is a humbling yet a very fulfilling experience to be a District Governor. I consider myself as a Servant leader and a Lead Volunteer, and as volunteers, we are all equal in Rotary. Being a District Governor does not make me any superior than anyone.

I leave a humble legacy of being an energetic and a hardworking Governor, having led District 3850 from Boracay to Bongao, to give their best to be a gift to the world, and promoted continuity and harmony in the District.

Muchisimas Gracias for the opportunity, the trust and the support!

■ **What are your plans after your term?**

After a short break, I will have my hands full in serving Rotary as I serve as District Chair for Rotary Friendship Exchange Committee in RY 2016-17.

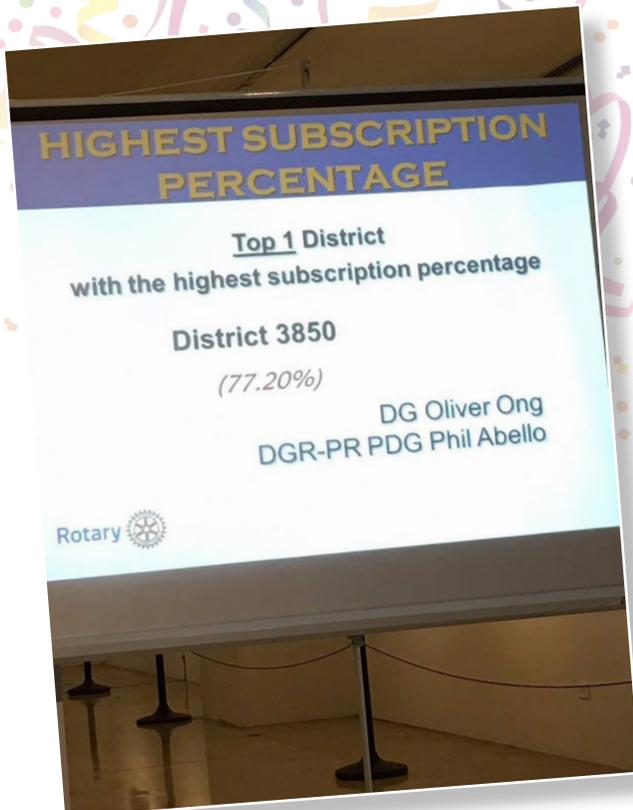

I then assume as the District Rotary Foundation Committee Chair in RY 2017-2020.

Congratulations!

AWESOME DG... AWESOME ROTARY YEAR!

by

Pres. Cristy Saplot

Rotary Club of Ozamiz North

The book **THE PURPOSE DRIVEN LIFE** by Rick Warren says, “God specializes in giving people a fresh start.” This has been proven by so excited District Governor Oliver Ong at the inception of his term. Wrapped with much excitement, he claimed that he is fortunate that the World Class Presidents are all excited to lead their respective Clubs to make the year more significant and full of action. Equally, he said that he is happy to inherit a stronger District with a vision of uniting and harmonizing Rotarians more through the years.

Driven by a purpose which was anchored from an inspiring Rotary Year Theme “**BE A GIFT TO THE WORLD**,” Gov. Oliver had been radiating inspiration to the 53 Clubs in the District in all his club visits. Near or far, no clubs had been unsupported and left behind. Believing that distance can be conquered by technology, his emails dominated the INBOX of emails of Club Presidents and I believed that of the District Officers in all levels as well. Rotary reading materials like the GML and Rotary reporting were made online through the Rotary Central. Gov. Oliver’s high tech leadership had made the Rotary world smaller and interconnected.

One thing I knew about Gov. Oliver... he is a knowledge enthusiast! Most of the time, he loves to ask questions and afterwards jokingly say that he will give an exam—a best indication that Rotarians, especially Club Presidents, must be knowledgeable at all times in order to be capacitated and effective. Making phone calls and sending text messages to know the progress of club activities had been a part of his routine.

We link culturally assertiveness to success, good leadership and getting ahead. Gov. Oliver Ong is known for that. He always yearns for preferred results. Some might think that he is a persistent District Governor, but Rotarians always want a story to tell-- grasping his persona from a different perspective up close and personal. Inspiring comes differently from demanding.

Inspiring creates a sense of motivation that every new and difficult task is a character-building opportunity, and the more difficult it is, the greater the potential for building spiritual muscles and moral fiber.

In Rotary, Rotarians need to accept and embrace new and difficult tasks because it will lead us to our purpose—to **GO FORTH AND SERVE...** to make a genuine difference in the lives of others because the only really happy people are those who have learned how to serve. Focusing on ourselves will never reveal our life’s purpose. Without purpose, life is a motion without meaning, activity without direction and events without reason. Without a purpose, life is insignificant, petty and pointless. More importantly, when anything in creation fulfills its purpose, it brings joy to God.

I cannot forget when Gov. Oliver said in his State of the District Address that his term is marked with continuity, harmony and enjoyment in serving the District and that there will be more travels for him to visit Clubs even after the District Conference. For the Rotary Club of Ozamiz North, we were honored when Gov. Oliver visited our Club last June 25, 2016. A simple act from Gov. Oliver in which we took pride in. Seldom for a District Governor to visit Clubs as his term ends. Still so excited to further build continuity, harmony and enjoyment and recognize result-producing clubs. He is true to his words. We really had a great time dancing with him to the tune of his patent soundtrack “**IM SO EXCITED**” that speaks of well of him. Above the enjoyment and fun, we will forever cherish and be inspired by the **GOVERNOR’S SEAL OF DISTINCTION AWARD** he extended to RC Ozamiz North. Thank you Gov. Oliver for the lasting inspiration. As a Club President and in my quest to become a **GIFT TO THE WORLD, I WISH TO SINCERELY THANK YOU FOR BEING A GIFT TO ME**. You are such an AWESOME District Governor in an AWESOME Rotary Year. Thank you very much. God bless you! God bless Rotary!

SOME THOUGHTS ABOUT DISTRICT GOVERNOR OLIVER N. ONG

by

Pres. Gardenia De Erit

Rotary Club of Bacolod Central

He is a man of few words, lots of actions, full of wisdom, abundance, smiling face/eyes. His leadership is imbued with gentleness and subtlety. OLIVER: O – outstanding, L – leader, I – inspiring, V – vibrant, E – enthusiastic/excellent and R – Rotarian!

Among his shared wisdom which I will not forget: “Enjoy and savor your presidency. You’ve got 366 days and one second only. Being a president is once-in-a-lifetime only, so make the most of it. Level up (anything that could improve your club, go for it). Reach out to all your members and live the RY 2015 – 16 theme Be a gift to the world.”

From the very start of my term, beginning with my attendance at the Multi-PETS at Marriot Hotel in Cebu City, Gov. Oliver gave me and my World Class Classmates a road map-- our vision and our goals and what do we want to achieve during our term. Above all, each World Class President had a privilege photo opportunity taken together with him as District Governor and with RI President RY 2015 –16, KR “Ravi” Ravindran. It was a great inspiration and motivation for me. Likewise, by the time, we finished our DISTAS in Bacolod before start of our term, Gov. Oliver made sure that each Club President has her/his own complete gear consisting of the District Planner that included the Thrust for RY 2015–16; schedule of activities; Directory of the District 3850; a token for each Club President—scarf for the ladies and neck tie for men as distinction; and a token Rotary pin to all members. Thus, when my term started last July 1, 2015, my needed tools and equipment were complete. It helped me in implementing Club projects one at a time. In between, when the going got rough, we sought inspiration from the messages contained in the District Planner from Rotary Founder Paul Harris, RI President Ravi Ravindran and District 3850 Governor Oliver N. Ong.

All throughout my term as President of our Rotary Club, Gov. Oliver knew what our projects or activities were as we submit to him our President’s Monthly Report. I constantly felt his presence by way of his calls, text messages, emails and his Club visits. DG Oliver not only visited us once but many times. DG

Oliver relished every moment eating the world-famous local staple of Bacolod Chicken Inasal. Another thing, we were awed by his extraordinary ability to recall the name and even the nickname of every Rotarian he met. Even on a short notice and no matter how hectic his schedule was whenever his in town, the Council of Presidents of Zones 5, 6 & 7 were always there to meet him; eager and excited to listen, exchange ideas, interact and most, enjoy his company.

Humbly speaking, our club is noted as a fun loving club especially when it comes dance presentation. For quite sometime, we did not submit bid book of our projects. In my case, since Gov. Oliver said that we should level up, we then submitted our projects. Our club bided in four (4) categories and bagged all four during the District Conference in Zamboanga City last March. Four of four. Another milestone of our Club, who just celebrated it’s 20th Anniversary.

Gov. Oliver saw to it that he gave his best World Class treatment and performance to our Club as well as the other Clubs in the District, from beginning to the end. Thus, it was no surprise that the District Conference was a memorable one and a ton of fun from our arrival until our departure.

His recent words of wisdom as we will turn over our baton of leadership to our successor was, “*you don’t have to fade away. Be there on whatever help, mentorship or support you could extend for continuity and a much better Rotary.*” Sure, Gov. Oliver! For now I am part of the CPP–NPA group-- Council of Past Presidents, Never President Again. Our new role now is to develop new leaders for future Club Presidents.

To you dear Gov. Oliver and to Lady Carol, thank you so much! You are indeed an inspiration which made my life as Club President very memorable, enjoyable. Before I knew it, my “366 days and one second” is over. You are a gift to me for you made me love Rotary more and all the more excited to share Rotary to others, as our theme says Be A Gift To The World.” May God bless us all, Rotarians!

ESSENTIAL CHANGES FOR CLUBS AND DISTRICTS

2016 Council on Legislation *(The numbers in parentheses identify the relevant legislative enactments).*

Attendance

Ability to change rules. Clubs may relax or tighten attendance requirements and termination policies for non-attendance. However, clubs are still expected to forward attendance reports to the governor. Any club that wishes to continue adhering to the traditional attendance requirements may do so. *(16-21)*

Rule of 85. Rotarians can be excused from attendance if the combined total of their years of membership in one or more clubs plus their age equals at least 85, with their years of membership totaling at least 20. *(16-35)*

Club Board

Treasurer. A club treasurer is now a permanent member of the club board. *(16-02)*

Board meeting minutes. Written minutes should be prepared for all club board meetings and be made available to members within 60 days of that meeting. *(16-01)*

Club Finances

Admission fees. New members can be admitted without paying admission fees. However, clubs may also choose to retain these fees, and they have the flexibility to add admission or other fees to their bylaws. *(16-07)*

Club dues increased. To address both financial challenges and the need to improve service to clubs, RI semiannual dues were increased by \$4 for each of the next three years — to US\$30.00 per half year in 2017-2018, US\$32.00 per half year in 2018-2019, and US\$34.00 per half year in 2019-2020. *(16-99)*

Club Meetings

Ability to change meeting schedules. Clubs can now vary their meeting days and times, and can cancel meetings, as long as they meet at least twice a month. However, any club that wishes to adhere to the traditional requirements regarding meetings and cancellations may do so. *(16-21)*

Canceling a meeting. Clubs can cancel a meeting if it falls during a week that includes a holiday. *(16-26)*

In-person and online meeting participation. Clubs can have in-person meetings, online meetings, allow online participation for an in-person meeting, or switch between any of these formats. *(16-30)*

Council on Legislation

Proposed legislation. Only two types of proposals will be considered: enactments, which seek changes to RI's constitutional documents, and position statements from the RI Board. *(16-113)*

Council representatives. Representatives will serve for three years, starting on 1 July of the year following their selection. For example, the 2019 Council representative would take office on 1 July 2017 and serve until 30 June 2020. *(16-114)*

Council on Resolutions. A Council on Resolutions consisting of Council representatives will meet online annually to consider recommendations. Resolutions may be proposed by a club, district conference, the RIB general council or conference. Those resolutions adopted by a majority vote of council representatives must be submitted to the general secretary by 30 June of the year prior to the Council on Legislation. *(16-113)*

District Changes

Moving clubs into adjacent districts. The Board can merge a district with fewer than 1,100 members, or divide districts with more than 100 clubs by moving clubs into adjacent districts. *(16-84)*

Two years for districting changes to take effect. Any decision by the Board to eliminate or change district boundaries won't become effective until at least 24 months after it is made. *(16-86)*

District Leadership

Vice governors. Having a vice governor is no longer mandatory. This role replaces the governor in case of that person's inability to perform their duties. If the district uses a nominating committee, the committee selects a past governor proposed by the governor-elect. If the nominating committee doesn't receive a nomination, or if a nominating committee was not used, the governor-elect may choose a past governor as vice governor. The vice governor serves in the year following his or her selection. *(16-74, 16-76, 16-77)*

Procedures for failing to adopt the annual statement and report of district finances. The statement and report of finances must be discussed and adopted within three months of the conclusion of the district conference or at the next district meeting to which all clubs are entitled to send a representative and for which 30 days' notice has been given. If no district meeting is held, the governor must conduct a ballot by mail within 60 days of the end of that three-month period. *(16-88)*

Mishandling of district finances. Anyone who fails to follow Rotary's financial requirements, including improperly administering the district fund, is prohibited from holding any Rotary or district office until the irregularities are resolved. *(16-89)*

E-clubs

E-clubs and Rotary clubs. The distinction between traditional clubs and e-clubs was eliminated. While references to e-clubs have been removed from Rotary's constitutional documents, e-clubs may continue to name and promote themselves as Rotary clubs that meet exclusively or primarily on-line. *(16-82)*

Elections

Concurring with a governor selection challenge. The number of clubs that must concur with a club's challenge to the nominated candidate has been increased to 10 other clubs, or 20 percent of the total number of clubs in the district, whichever number is higher. Only clubs that are at least one year old as of 1 July of that year are counted in the total and may concur with a challenge. *(16-71)*

Special elections nominating procedure streamlined. If a district restarts the governor selection process due to special circumstances, the governor does not need to repeat the request for suggestions from clubs if there were none made during the first nominating process. *(16-72)*

Magazines

Joint magazine subscriptions. Two Rotarians residing at the same address may choose to subscribe jointly to *The Rotarian* or to the regional magazine prescribed for their club. (16-96)

Membership

Rules and qualifications. Clubs may determine their own rules or requirements for transferring members, dual membership, and honorary members. They're also free to continue following the traditional provisions for these members. The only mandatory qualifications for membership are that Rotarians must be adults who have demonstrated good character, integrity and leadership; have a good reputation in their business, profession and community; and are willing to serve in their community and around the world. (16-36, 16-38)

New membership types. Clubs may offer associate, corporate, family, or other membership types. Clubs offering these additional types would report these members to Rotary as "active" for purposes of inclusion on the club invoice. Other financial obligations (club dues, meal costs, etc.), attendance requirements, and service expectations for these members are determined by the club. However, only active members may be considered for office and count in determining a club's voting strength. (16-36)

Dual membership in Rotary and Rotaract clubs. Rotaractors can simultaneously hold separate membership in a Rotaract club and a Rotary club. (16-40)

Transferring member statement. Potential members who owe money to another club are ineligible for membership. Clubs must seek confirmation that a former Rotarian does not have any outstanding debt to their previous club. When a club requests a statement from the club of a member who wishes to transfer, or who was previously a member, as to whether that person owes money, the request must be responded to within 30 days. If no response is provided, it is assumed that the member doesn't owe anything. These changes are in the RI Bylaws but are no longer repeated in the *Standard Rotary Club Constitution*. (16-51)

New Clubs

Charter member minimum. New clubs need at least 20 members to be chartered. (16-83)

Suspension

Suspension of membership. Clubs may now suspend a member for a maximum of 90 days. At the end of that time, they must either terminate or reinstate the member. A suspended member has the right to appeal the suspension or request mediation or arbitration. (16-49, 16-50)

Suspension or termination of clubs because of litigation. Clubs can be suspended or terminated if one of their members takes legal action against RI or The Rotary Foundation — including action against directors, trustees, officers, and employees — before exhausting all Rotary remedies. The Council also clarified the conditions under which the RI Board may take action against districts with repeated election complaints. (16-81)

Rotary

GLOBAL GRANTS

Global grants support large international activities with sustainable, measurable outcomes in Rotary's areas of focus. Grant sponsors form international partnerships that respond to real community needs.

WHAT THEY SUPPORT

Global grants can fund these activities:

- Humanitarian projects
- Scholarships for graduate-level academic studies
- Vocational training teams, which are groups of professionals who travel abroad either to teach local professionals about a particular field or to learn more about their own
- Include measurable goals
- Align with one of our areas of focus
- Respond to real community needs
- Actively involve Rotarians and community members
- Meet the eligibility requirements in the grants terms and conditions

Applications are accepted throughout the year and reviewed as they are received.

HOW TO USE THEM

A key feature of global grants is partnership, between the district or club where the activity is carried out and a district or club in another country. Both sponsors must be qualified before they can submit an application.

To be successful, your application must:

- Be sustainable and include plans for long-term success after the global grant funds have been spent

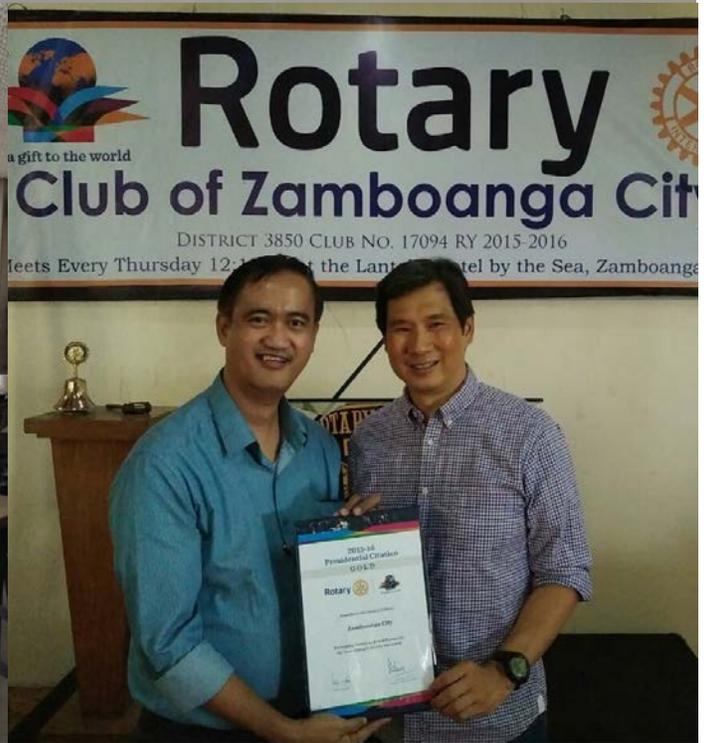

HOW THEY'RE FUNDED

The minimum budget for a global grant activity is \$30,000. The Foundation's World Fund provides a minimum of \$15,000 and maximum of \$200,000. Clubs and districts contribute District Designated Funds (DDF) and/or cash contributions that the World Fund matches. DDF is matched at 100% and cash is matched at 50%.

Highlights

District Governor Elect Ronnie Gabalda of RC Iloilo South represented District 3850, in behalf of DG Oliver Ong, at the District Conference of D3840 in Taiwan.

GOVERNOR'S SEAL OF DISTINCTION AWARD

¡MUCHAS GRACIAS!
